

**G** Water has damaged part of this text about the drug problem. Read it and decide what you think each of the original words was. Write the words in the blank spaces.

**THE DRUG PROBLEM**

Many people today are worried- drugs. It seems that more  
and more people are becoming addicted- substances, such as  
heroin and cocaine, that damage their health. But what leads-  
people becoming addicts? What makes someone inject a drug-  
their veins? Is it because of their inability to cope- problems in  
their everyday lives? One thing is for sure. When we complain-  
the problems caused by hard drugs, we need- remember that  
people suffer- all kinds of health problems caused by legal  
drugs, such as alcohol and tobacco. We would all benefit- more  
education and the government should attempt- make sure we  
all know the risks involved.
