Lack of faith in politicians

A recent survey has shown an increase (26) distrust for politicians. They've always been regarded (27) untrustworthy, but now politicians are below estate agents and even lawyers in the public's estimations. A majority of the people who (28) questioned associate politicians (29) an inability to tell (30) truth. They believe they're responsible (31) most of the country's problems, have had a negative effect (32) the country's image abroad, refuse to face (33) to the fact that they cause more problems than they solve and never apologise for (34) made mistakes. The survey, (35) was carried out over a period of three months, also shows that politicians often give the impression (36) being arrogant and only (37) note of what the electorate believe at election time. In (38) of these disturbing findings, people do not believe that (39) is no point in voting at elections. (40) least politicians can take some comfort in that!
